

YOUR OUTDOOR LIVING EXPERTS

Oz's Landscaping, Paving & Construction
Specialising in one stop design and construction

We provide:

- Complete garden design & construction service
- Green products and materials
- Energy efficiency
- Water efficiency
- Cost savings

OZ'S

Oz's Landscaping, Paving & Construction is a registered builder and master tradesman.

We specialise in offering a one stop design and construction service. Not having to deal with all the trades individually means you save dollars as well as time.

Every design takes into account your lifestyle requirements, budget and block dynamics. Outdoor areas more than ever need to accommodate climate change and different approaches to people's lifestyle.

Oz's Landscaping, Paving & Construction achieve great results...

- *Careful consideration of the design to accommodate lifestyle wishes.*
- *Using products and materials that are not only energy efficient, require minimal water but also have minimum impact when manufactured.*
- *A comprehensive and thorough discussion with our clients to ensure the project is feasible and will achieve stated goals within a budget.*
- *Delivering a project that not only adds value to your home but also improves the livability.*

Customer Referrals

Steve says, "Excellent service and excellent price. Highly recommended!!!!"

Jenieparis says, "Very impressed. Provided examples of previous work. Asked questions and provided excellent advice. Would recommend to anyone"
